1 Introduction

MJD Environmental has been commissioned by Huntlee Pty Ltd to prepare an annual compliance report for the 2020 - 21 period detailing the measures undertaken to address approval conditions granted under the Environmental Protection and Biodiversity Conservation Act 1999 (EPBC Act) for the Huntlee New Town at Branxton (EPBC No. 2011/5898) on the 15 October 2013 (with variations approved on 17th February 2014 and 27th May 2015).

This report includes an overview of all works undertaken to comply with conditions to date. This report also includes the status of required actions as listed under management plans prepared in compliance with conditions to date (refer to **Appendix 1** and **Appendix 2**).

1.1 Conditions attached to the approval (EPBC 2011/5898)

Maintenance of existing populations of *Persoonia pauciflora* in-situ

1. The person taking the action must protect and manage the **northern population** of *Persoonia pauciflora* establishing a 75 metre buffer of existing native vegetation (limited to the **project area**) around each plant prior to **commencement of the action**.
2. All plants within the **northern population** must be connected by a native vegetation corridor, to be of a minimum width of 150 metres, to each other and to allow connection to conservation areas and/or native vegetation outside of the **project area** (so as to allow for macropod access) prior to **commencement of the action**.
3. The **northern population** and vegetation referred to in Conditions 1 and 2 must be maintained (to protect and conserve both plants and seed bank) in perpetuity or until such time as *Persoonia pauciflora* from the **northern population** have been scientifically verified by an **independent scientific expert** approved by the **Minister**, to have been successfully propagated and surviving in the wild (consistent with the EPBC Act Policy Statement: Translocation of Listed Threatened Species - Assessment under Chapter 4 of the EPBC Act) and as defined in these conditions.
4. The person taking the action must arrange for the protection and conservation management of all *Persoonia pauciflora* (including living plants and the in-soil seed bank of known dead or pre-existing plants) in **Conservation Areas 1, 2 and 3** in perpetuity prior to **commencement of the action**.
5. **Conservation Areas 1, 2 and 3** must be protected by a legal instrument under relevant nature conservation legislation on the title of the land. Arrangements to implement this instrument must be approved by the **Department**, in writing, prior to **commencement of the action**. This instrument must:
 - a. provide for the protection of the land in perpetuity;
 - b. prevent any future development activities, including mining and mineral extraction; and
 - c. ensure the active management of the land.
6. All *Persoonia pauciflora* within **Conservation Areas 1, 2 and 3** must be a minimum of 75 metres from the development at the start of the **commencement of the action**.
7. **Conservation Area 2** must be contiguous with **Conservation Area 3** to the west. It must be a minimum of 150 metres wide (north to south).
8. All cleared areas within **Conservation Areas 1, 2 and 3** must be revegetated to Central Hunter Ironbark - Spotted Gum - Grey box forest vegetation type (NSW) (to act as a buffer to

- the *Persoonia pauciflora*). The revegetated areas must be maintained for conservation purposes.
9. The person taking the action must arrange for the in-perpetuity protection and conservation management of the *Persoonia pauciflora* in Persoonia Park (as identified in the **preliminary documentation**) through an appropriate legal instrument on the title of the land. Arrangements to implement this instrument must be approved by the **Department**, in writing, prior to **commencement of the action**. The northern boundary of Persoonia Park must be designed so that all *Persoonia pauciflora* within Persoonia Park are a minimum of 75 metres away from the northern boundary.
 10. The person taking the action must protect by a legal instrument under relevant nature conservation legislation on the title, an area of at least 16.9 hectares at 57 Washery Road (being Lot 47 DP 755211). Arrangements to implement this instrument must be approved by the **Department**, in writing, prior to **commencement of the action**. The legal instrument must:
 - a. provide for the protection of the land in perpetuity;
 - b. prevent any future development activities, including mining and mineral extraction; and
 - c. ensure the active management of the land.
 11. The person taking the action must submit for the **Minister's** approval a *Persoonia pauciflora* Population Management Plan to support the conservation management of all known *Persoonia pauciflora* plants and seed banks within the **northern population** (and connecting habitat), **Conservation Areas 1, 2 and 3**, Persoonia Park and the area at 57 Washery Road referred to in Condition 10. This plan must be approved by the **Minister** prior to **commencement of the action**. The plan must be implemented. The plan must include:
 - a. measures to protect and conserve *Persoonia pauciflora* in situ (including living plants and seed bank) to ensure the ongoing survival and recovery of the species, through appropriate management. These measures must be clear, measurable, auditable and time bound;
 - b. measures to discourage unauthorised human access to *Persoonia pauciflora* and its habitat, while still allowing access by macropods;
 - c. measures to encourage the building of community awareness and stewardship of *Persoonia pauciflora*, including appropriate education programs to encourage care and protection of known plants and seed banks.
 - d. clear objectives and performance indicators for the measures referred to in Condition 11a, 11b and 11c;
 - e. costing of the management measures required and demonstration that these will be funded in perpetuity;
 - f. details of the monitoring and reporting to be undertaken to demonstrate the effectiveness of the measures referred to in Condition 11a, 11b and 11c, including the parameters to be monitored, methods, timing, frequency and location of monitoring;
 - g. specific and measurable trigger levels that will result in corrective actions being implemented to prevent the objectives referred to in Condition 11d being compromised;
 - h. corrective actions to be taken should the trigger levels referred to in Condition 11g be exceeded. These must be clear, measurable, auditable and time bound;

- i. measures to report to the **Department** on any exceedances of identified trigger thresholds, the implementation of corrective actions, and the outcome of these;
 - j. the person responsible for the management actions; and
 - k. a description of how the plan will apply to any conservation areas that may subsequently be transferred to a third party for protection and management for conservation.
12. The *Persoonia pauciflora* Population Management Plan must be reviewed by an **independent scientific expert** approved by the **Department** prior to submission.
13. Prior to and within six months of **commencement of the action** the person taking the action must undertake pre-clearance surveys to identify any *Persoonia pauciflora* plants (dead or alive) that are not currently documented and advise the **Department** in writing of any new plants or seed banks that are discovered.
14. The person taking the action must implement measures, consistent with those referred to in Condition 1 and, where applicable, 11a, to be put in place to protect and manage any new plants or seed banks identified as a result of implementing Condition 13.

Management of conservation areas. edge effects. open space and indirect impacts to conservation values

15. The person taking the action must submit a detailed Huntlee Conservation Management Plan to the **Minister** for approval prior to **commencement of the action**. This plan must be approved by the **Minister** prior to **commencement of the action**. The approved plan must be implemented. The Plan must include, but not be limited to, the following requirements:
- a. restoration and revegetation measures to be implemented in **Conservation areas 1, 2 and 3**, as relating to Condition 8.
 - b. measures to maintain and improve the quality and condition of habitat values in all conservation areas (including **Conservation Areas 1, 2 and 3**), open space and remnant bushland in the project area that support other matters of national environmental significance (other than *Persoonia pauciflora*), including Swift Parrot (*Lathamus discolor*), Regent Honeyeater (*Anthochaera phrygia*), Grey-headed Flying-fox (*Pteropus poliocephalus*) and Slaty Red Gum (*Eucalyptus glaucina*).
 - c. measures to prevent, mitigate and manage all direct and indirect impacts to the natural habitat values to all conservation areas (including **Conservation Areas 1, 2 and 3**), open space and remnant bushland within the project area resulting from the action, including but not limited to measures to avoid, suppress and control the spread of weeds, plant pathogens, invasive species, commercial grazing, domestic pets, unauthorised vehicles, and erosion and sedimentation control;
 - d. measures to prevent changes to hydrological regimes arising from the action that may negatively affect native vegetation;
 - e. any measures that support *Persoonia pauciflora* that are in addition to those included under Condition 11;
 - f. the design of **Conservation Areas 1, 2 and 3**;
 - g. measures in referred to in condition 15a, 15b and 15c must be clear, measurable, auditable and time bound;
 - h. clear objectives and performance indicators for the measures referred to in Condition 15a, 15b and 15c;

- i. details of the monitoring to be undertaken to demonstrate the effectiveness of the measures referred to in Condition 15a;
 - j. details of the parameters to be monitored, methods, timing, frequency and location of monitoring;
 - k. specific and measurable trigger levels that will result in corrective actions being implemented to prevent the objectives referred to in Condition 15e being compromised;
 - l. corrective actions to be taken should the trigger levels referred to in Condition 15h be exceeded. These must be clear, measurable, auditable, and specific timing;
 - m. measures to report to the **Department** on any exceedances of identified trigger thresholds, the implementation of corrective actions, and the outcome of these;
 - n. the person responsible for the management actions; and
 - o. a description of how the plan will apply to any conservation areas that may subsequently be transferred to a third party for protection and management for conservation.
16. The Huntlee Conservation Management Plan must be reviewed by an independent scientific expert approved by the Department prior to submission.

Funding of a Huntlee Conservation Officer

17. The person taking the action must arrange for and commit to the funding of a Huntlee Conservation Officer, to be employed for no less than 22.5 hours per week for a period of at least 10 years. The person to be employed in this position must possess relevant qualifications and expertise. A plan setting out contractual arrangements for the funding of the role, relevant employment arrangements (including start date) and a duty statement for the position must be provided to the **Minister** prior to the **commencement of the action**. This plan must be approved by the **Minister** prior to **commencement of the action**. The approved plan must be implemented.
18. The roles of the position must include:
- a. coordination and implementation of Condition 11c;
 - b. coordination and implementation of actions to support the protection and conservation of *Persoonia pauciflora* consistent with the plans referred to in Conditions 11 and 15; and
 - c. contribution to actions that are consistent with the *National Recovery Plan North Rothbury Persoonia* (*Persoonia pauciflora*).

Offsets – *Persoonia pauciflora* (recovery actions)

19. To compensate for the loss of habitat for the *Persoonia pauciflora* and the remaining residual impacts to the species as a result of the action, the person taking the action must provide \$341,700 directly to the NSW Office of Environment and Heritage (or appropriate agency or organisation responsible for implementation of the *National Recovery Plan North Rothbury Persoonia* (*Persoonia pauciflora*) and approved by the **Minister**) prior to **commencement of the action** to fund activities that are consistent with the recovery actions identified in the *National Recovery Plan North Rothbury Persoonia* (*Persoonia pauciflora*).

Offsets – other matters of national environmental significance

20. The person taking the action must dedicate or ensure the transfer of, for the purposes of dedication, the 5791 hectares of conservation offset lands described in the preliminary documentation to National Park (or arrange for and demonstrably commit to an equivalent other arrangement of in-perpetuity protection and management of these offset lands that is consistent with the Department's EPBC Act offsets policy). The area of land contained within this 5791 hectares must include appropriate areas of offset lands for each of the following matters of national environmental significance: Swift Parrot (*Lathamus discolor*) and Regent Honeyeater (*Anthochaera phrygia*), the vulnerable Grey-headed Flying-fox (*Pteropus poliocephalus*) and Slaty Red Gum (*Eucalyptus glaucina*).
21. Any land referred to at Condition 20 that is not dedicated to National Park or with an alternative level of protection in perpetuity agreed to by the Department must be protected by a legal instrument under relevant nature conservation legislation on the title of the land. Arrangements to implement this instrument must be approved by the Department, in writing, prior to commencement of the action. The instrument must:
 - a. provide for the protection of the land in perpetuity;
 - b. prevent any future development activities, including mining and mineral extraction; and
 - c. ensure the active management of the land.

Reporting and auditing

22. All survey data collected for the project must be collected and recorded so as to conform to a reasonable standard such that it can be readily used by a third party or to data standards notified from time to time by the **Department**. When requested by the **Department**, the proponent must provide to the **Department** all species and ecological survey data and related survey information from ecological surveys undertaken for matters of national environmental significance. This survey data must be provided within 30 business days of request, or in a timeframe agreed to by the **Department** in writing. The **Department** may use the survey data for other purposes.
23. Within 14 days after the commencement of construction, the person taking the action must advise the **Department** in writing of the actual date of **commencement of the action**.
24. Within three months of every 12 month anniversary of the **commencement of the action**, the person taking the action must publish a report on their website addressing compliance with each of the conditions of this approval, including implementation of any plans as specified in the conditions. Documentary evidence providing proof of the date of publication and non-compliance with any of the conditions of this approval must be provided to the **Department** at the same time as the compliance report is published. The person taking the action must also notify any non-compliance with this approval to the **Department** in writing within two business days of becoming aware of the non-compliance.
25. Upon the direction of the **Minister**, the person taking the action must ensure that an independent audit of compliance with the conditions of approval is conducted and a report submitted to the **Minister**. The independent auditor must be approved by the **Minister** prior to the commencement of the audit. Audit criteria must be agreed to by the **Minister** and the audit report must address the criteria to the satisfaction of the **Minister**.

Revisions

26. If the person taking the action wishes to carry out any activity otherwise than in accordance with the plans, as specified in the conditions, the person taking the action must submit to the **Department** for the **Minister's** written approval a revised version of that plan. The varied activity shall not commence until the **Minister** has approved the revised plan in writing. The

Minister will not approve a revised plan, unless the revised plan would result in an equivalent or improved environmental outcome. If the **Minister** approves the revised plan that plan must be implemented in place of the plan originally approved.

27. If the **Minister** believes that it is necessary or convenient for the better protection of listed threatened species and communities or listed migratory species to do so, the **Minister** may request that the person taking the action make specified revisions to the relevant management plan specified in the conditions and submit the revised plan for the **Minister's** written approval. The person taking the action must comply with any such request. The revised approved plan must be implemented. Unless the **Minister** has approved the revised plan then the person taking the action must continue to implement the originally approved plan, as specified in the conditions.
28. If, at any time after 5 years from the date of this approval, the person taking the action has not substantially commenced the action, then the person taking the action must not substantially commence the action without the written agreement of the **Minister**.

Publication of plans

29. The person taking the action must maintain accurate records substantiating all activities and outcomes associated with or relevant to the above conditions of approval, including measures taken to implement the management plans required by this approval, and make them available upon request to the **Department**. Such records may be subject to audit by the **Department** or an independent auditor in accordance with section 458 of the EPBC Act, or used to verify compliance with the conditions of approval. Summaries of audits will be posted on the **Department's** website. The results of audits may also be publicised through the general media.
30. Unless otherwise agreed to in writing by the **Minister**, the person taking the action must publish all management plans referred to in these conditions of approval on their website. Each management plan must be published on the website within 1 month of being approved.

2 EPBC Approval 2011/5898 Condition Tracking (at reporting date)

The current status of each condition of approval is detailed in the following sections.

2.1 Condition 1

*The person taking the action must protect and manage the **northern population** of *Persoonia pauciflora* establishing a 75 metre buffer of existing native vegetation (limited to the **project area**) around each plant prior to **commencement of the action**.*

The northern population of *Persoonia pauciflora* was identified and demarcated by RPS Australia East Pty Ltd (RPS). Confirmation was provided to the Department (refer to **Appendix 3**) and requirements of condition 1 were confirmed as satisfied in respect of commencement of the action by the Department's representative on 12-2-2013.

No further activities have occurred in relation to the northern population of *Persoonia pauciflora* in the 2020/21 reporting period. The identification and demarcation of the northern population of *Persoonia pauciflora* remains in place and satisfies the requirement to protect and manage this population to the present date.

2.2 Condition 2

*All plants within the **northern population** must be connected by a native vegetation corridor, to be of a minimum width of 150 metres, to each other and to allow connection to conservation areas and/or*

native vegetation outside of the **project area** (so as to allow for macropod access) prior to **commencement of the action**.

The northern population of *Persoonia pauciflora* was identified and demarcated by RPS Australia East Pty Ltd (RPS), including demarcation of a 150m native vegetation corridor connecting plants of this population, confirmation of which was provided to the Department (refer to **Appendix 3**) and requirements of condition 2 were confirmed as satisfied in respect of commencement of the action by the Department's representative on 12-2-2013.

No further activities have occurred in relation to the native vegetation corridor in the 2020/21 reporting period. The identification and demarcation of the native vegetation corridor satisfies the requirement to connect plants of the northern population of *Persoonia pauciflora* to each other and to allow connection to conservation areas and native vegetation outside the project area to the present date.

2.3 Condition 3

The northern population and vegetation referred to in Conditions 1 and 2 must be maintained (to protect and conserve both plants and seed bank) in perpetuity or until such time as Persoonia pauciflora from the northern population have been scientifically verified by an independent scientific expert approved by the Minister, to have been successfully propagated and surviving in the wild (consistent with the EPBC Act Policy Statement: Translocation of Listed Threatened Species - Assessment under Chapter 4 of the EPBC Act) and as defined in these conditions.

Independent scientific expert approved via letter from the Minister's delegate, Shane Gaddes, on 30-5-2014 (refer to **Appendix 4**).

Persoonia pauciflora individuals planted into Persoonia Park include plants sourced from the Northern Population and are being monitored by the NSW Government for translocation success as part of the funding and land dedication associated with the Huntlee approval framework. Refer to **Appendix 2** PPPMP Status.

2.4 Condition 4

The person taking the action must arrange for the protection and conservation management of all Persoonia pauciflora (including living plants and the in-soil seed bank of known dead or pre-existing plants) in Conservation Areas 1, 2 and 3 in perpetuity prior to commencement of the action.

The necessary arrangements for the protection and conservation management of all *Persoonia pauciflora* within Conservation Areas 1, 2 and 3 in perpetuity have been made via the legal instruments approved under condition 5 (refer to **Appendix 5**), and verified as being to the satisfaction of the Department via email on 21-1-2014.

The protection and management arrangements remain in place, via the legal instruments established under condition 5, to the present date.

2.5 Condition 5

Conservation Areas 1, 2 and 3 must be protected by a legal instrument under relevant nature conservation legislation on the title of the land. Arrangements to implement this instrument must be approved by the Department, in writing, prior to commencement of the action. This instrument must:

2.5.1 Condition 5a.

provide for the protection of the land in perpetuity;

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.5.2 Condition 5b.

prevent any future development activities, including mining and mineral extraction; and

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.5.3 Condition 5c.

ensure the active management of the land.

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.6 Condition 6

*All **Persoonia pauciflora** within **Conservation Areas 1, 2 and 3** must be a minimum of 75 metres from the development at the start of the **commencement of the action**.*

All *Persoonia pauciflora* within Conservation Areas 1, 2 and 3 are a minimum of 75m away from the Huntlee development interface (refer to **Appendix 6**). Confirmation of the Department's satisfaction in relation to the above was provided via email on 11-12-2013.

No additional *Persoonia pauciflora* have been recorded by Huntlee or their representatives within Conservation Areas 1, 2 and 3 to the present date.

The following observations have been made regarding *Persoonia* individuals across the conservation areas:

Northern Population – A single individual had been in a process of senescence and has now died. Reproductive material had been collected from this individual while it was alive, thus preserving the genetics for the northern population. Individuals from this plant stock have been planted into the conservation areas. There is only a single living individual remaining in the northern population.

Conservation Area 2 – The known plants in the Conservation Area and also Wine Country Drive Road Reserve are no longer alive. This was identified during a survey carried out with Differential GPS during the reporting period. The plants in the Conservation Area were known to be small and struggling from historic grazing (note *Persoonia* profiles).

2.7 Condition 7

***Conservation Area 2** must be contiguous with **Conservation Area 3** to the west. It must be a minimum of 150 metres wide (north to south).*

Conservation Area 2 forms at least a 150m wide corridor connecting to Conservation Area 3 (refer to **Appendix 7**), which has been fenced with star post and two wire (non-barb) arrangement. Confirmation of the Department's satisfaction in relation to the above was provided via email on 11-12-2013.

No changes to the demarcation of the conservation area boundary have been made, nor has development progressed to the south of the conservation area, to the present date.

2.8 Condition 8

All cleared areas within **Conservation Areas 1, 2 and 3** must be revegetated to Central Hunter Ironbark - Spotted Gum - Grey box forest vegetation type (NSW) (to act as a buffer to the *Persoonia pauciflora*). The revegetated areas must be maintained for conservation purposes.

Establishment and maintenance of revegetated areas of Conservation Areas 1, 2 and 3 has been implemented via the Huntlee Conservation Management Plan (refer to **Appendix 1**) as stipulated and detailed further under condition 15(a). Refer to **Section 2.15.1**.

2.9 Condition 9

The person taking the action must arrange for the in-perpetuity protection and conservation management of the *Persoonia pauciflora* in Persoonia Park (as identified in the **preliminary documentation**) through an appropriate legal instrument on the title of the land. Arrangements to implement this instrument must be approved by the **Department**, in writing, prior to **commencement of the action**. The northern boundary of Persoonia Park must be designed so that all *Persoonia pauciflora* within Persoonia Park are a minimum of 75 metres away from the northern boundary.

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.10 Condition 10

The person taking the action must protect by a legal instrument under relevant nature conservation legislation on the title, an area of at least 16.9 hectares at 57 Washery Road (being Lot 47 DP 755211). Arrangements to implement this instrument must be approved by the **Department**, in writing, prior to **commencement of the action**. The legal instrument must:

2.10.1 Condition 10a.

provide for the protection of the land in perpetuity;

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.10.2 Condition 10b.

prevent any future development activities, including mining and mineral extraction; and

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.10.3 Condition 10c.

ensure the active management of the land.

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments in relation to the above remain in effect as of the present date.

2.11 Condition 11

The person taking the action must submit for the **Minister's** approval a *Persoonia pauciflora* Population Management Plan to support the conservation management of all known *Persoonia pauciflora* plants and seed banks within the **northern population** (and connecting habitat), **Conservation Areas 1, 2 and 3**, *Persoonia Park* and the area at 57 Washery Road referred to in Condition 10. This plan must be approved by the **Minister** prior to **commencement of the action**. The plan must be implemented. The plan must include:

2.11.1 Condition 11a.

measures to protect and conserve Persoonia pauciflora in situ (including living plants and seed bank) to ensure the ongoing survival and recovery of the species, through appropriate management. These measures must be clear, measurable, auditable and time bound;

*Persoonia Pauciflora Population Management Plan (PPPMP) final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).*

The PPPMP includes measures to protect and conserve *Persoonia pauciflora* in situ as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.2 Condition 11b.

measures to discourage unauthorised human access to Persoonia pauciflora and its habitat, while still allowing access by macropods;

*PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).*

The PPPMP includes measures to discourage human access while still allowing macropod access as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.3 Condition 11c.

measures to encourage the building of community awareness and stewardship of Persoonia pauciflora, including appropriate education programs to encourage care and protection of known plants and seed banks.

*PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).*

The PPPMP includes community education measures as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.4 Condition 11d.

clear objectives and performance indicators for the measures referred to in Condition 11a, 11b and 11c;

*PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).*

The PPPMP includes community education measures as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.5 Condition 11e.

costing of the management measures required and demonstration that these will be funded in perpetuity;

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP includes a costing and demonstration of funding as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.6 Condition 11f.

details of the monitoring and reporting to be undertaken to demonstrate the effectiveness of the measures referred to in Condition 11a, 11b and 11c, including the parameters to be monitored, methods, timing, frequency and location of monitoring;

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP includes a costing and demonstration of funding as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.7 Condition 11g.

specific and measurable trigger levels that will result in corrective actions being implemented to prevent the objectives referred to in Condition 11d being compromised;

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP includes measurable trigger levels and corrective actions as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.8 Condition 11h.

corrective actions to be taken should the trigger levels referred to in Condition 11g be exceeded. These must be clear, measurable, auditable and time bound;

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP includes corrective actions as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.9 Condition 11i.

*measures to report to the **Department** on any exceedances of identified trigger thresholds, the implementation of corrective actions, and the outcome of these;*

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP includes reporting measures as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.10 Condition 11j.

the person responsible for the management actions; and

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP names the responsible person as per the above. Refer to **Appendix 2** PPPMP Status.

2.11.11 Condition 11k.

a description of how the plan will apply to any conservation areas that may subsequently be transferred to a third party for protection and management for conservation.

PPPMP final version submitted to the Department on 10-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The PPPMP describes how the plan will apply to conservation areas as per the above. Refer to **Appendix 2** PPPMP Status.

2.12 Condition 12

*The *Persoonia pauciflora* Population Management Plan must be reviewed by an **independent scientific expert** approved by the **Department** prior to submission.*

Independent scientific expert approved by the Department via letter from the Minister's delegate, Shane Gaddes, via letter on 8-11-2013 (refer to **Appendix 9**).

Independent scientific expert reviewed and endorsed the PPPMP on 10-1-2014.

No further actions in relation to the above have occurred to the present date.

2.13 Condition 13

*Prior to and within six months of **commencement of the action** the person taking the action must undertake pre-clearance surveys to identify any *Persoonia pauciflora* plants (dead or alive) that are not currently documented and advise the **Department** in writing of any new plants or seed banks that are discovered.*

Pre-clearance surveys completed within the entire Stage 1 development area (refer to **Appendix 10**). No new *Persoonia pauciflora* individuals (dead or alive) were recorded. The Department was advised of all Stage 1 surveys and provided confirmation that the survey satisfies the requirements of this condition in relation to Stage 1, via email on 16-6-2015.

Development of further stages outside Stage 1 has not occurred in the 2020/21 reporting period and is not scheduled to occur within six months of the present date. Within six month of any future development, pre-clearance surveys will be undertaken to identify any *Persoonia pauciflora* plants (dead or alive) that are not currently documented. Future pre-clearance surveys are to be undertaken for the remaining development stages outside Stage 1. The Department is to be advised of the outcome of these surveys in writing.

2.14 Condition 14

The person taking the action must implement measures, consistent with those referred to in Condition 1 and, where applicable, 11a, to be put in place to protect and manage any new plants or seed banks identified as a result of implementing Condition 13.

The implementation of measures to protect and manage any new plants or seed banks identified as a result of implementing Condition 13 has been satisfied, as no new plants or seed banks were found

during surveys carried out in compliance with Condition 13 in relation to the Stage 1 development area.

Development of further stages has not occurred and is not scheduled to occur within six months of the present date. Following future pre-clearance surveys, if new plants or seed banks are found, then measures consistent with Condition 1 and 11a are to be put in place.

2.15 Condition 15

*The person taking the action must submit a detailed Huntlee Conservation Management Plan to the **Minister** for approval prior to **commencement of the action**. This plan must be approved by the **Minister** prior to **commencement of the action**. The approved plan must be implemented. The Plan must include, but not be limited to, the following requirements:*

2.15.1 Condition 15a.

*restoration and revegetation measures to be implemented in **Conservation areas 1, 2 and 3**, as relating to Condition 8.*

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes restoration and revegetation measures as per the above. Refer to **Appendix 1** HCMP Status.

2.15.2 Condition 15b.

*measures to maintain and improve the quality and condition of habitat values in all conservation areas (including **Conservation Areas 1, 2 and 3**), open space and remnant bushland in the project area that support other matters of national environmental significance (other than *Persoonia pauciflora*), including Swift Parrot (*Lathamus discolor*), Regent Honeyeater (*Anthochaera phrygia*), Grey-headed Flying-fox (*Pteropus poliocephalus*) and Slaty Red Gum (*Eucalyptus glaucina*).*

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes measures to maintain and improve the quality and condition of habitat values as per the above. Refer to **Appendix 1** HCMP Status.

2.15.3 Condition 15c.

*measures to prevent, mitigate and manage all direct and indirect impacts to the natural habitat values to all conservation areas (including **Conservation Areas 1, 2 and 3**), open space and remnant bushland within the project area resulting from the action, including but not limited to measures to avoid, suppress and control the spread of weeds, plant pathogens, invasive species, commercial grazing, domestic pets, unauthorised vehicles, and erosion and sedimentation control;*

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes measures to prevent, mitigate and manage direct and indirect impacts as per the above. Refer to **Appendix 1** HCMP Status.

2.15.4 Condition 15d.

measures to prevent changes to hydrological regimes arising from the action that may negatively affect native vegetation;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes measures to prevent changes to hydrological regimes as per the above. Refer to **Appendix 1** HCMP Status.

2.15.5 Condition 15e.

*any measures that support *Persoonia pauciflora* that are in addition to those included under Condition 11;*

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes additional measures to support *Persoonia pauciflora* as per the above. Refer to **Appendix 1** HCMP Status.

2.15.6 Condition 15f.

*the design of **Conservation Areas 1, 2 and 3**;*

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes the design of Conservation Areas 1, 2 and 3 as per the above. Refer to **Appendix 1** HCMP Status.

2.15.7 Condition 15g.

measures in referred to in condition 15a, 15b and 15c must be clear, measurable, auditable and time bound;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes clear, measurable, auditable and time bound measures as per the above. Refer to **Appendix 1** HCMP Status.

2.15.8 Condition 15h.

clear objectives and performance indicators for the measures referred to in Condition 15a, 15b and 15c;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes clear objectives and performance indicators as per the above. Refer to **Appendix 1** HCMP Status.

2.15.9 Condition 15i.

details of the monitoring to be undertaken to demonstrate the effectiveness of the measures referred to in Condition 15a;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes details of the monitoring as per the above. Refer to **Appendix 1** HCMP Status.

2.15.10 Condition 15j.

details of the parameters to be monitored, methods, timing, frequency and location of monitoring;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes details of the monitoring parameters as per the above. Refer to **Appendix 1** HCMP Status.

2.15.11 Condition 15k.

specific and measurable trigger levels that will result in corrective actions being implemented to prevent the objectives referred to in Condition 15e being compromised;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes specific and measurable trigger levels as per the above. Refer to **Appendix 1** HCMP Status.

2.15.12 Condition 15l.

corrective actions to be taken should the trigger levels referred to in Condition 15h be exceeded. These must be clear, measurable, auditable, and specific timing;

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes corrective actions as per the above. Refer to **Appendix 1** HCMP Status.

2.15.13 Condition 15m.

*measures to report to the **Department** on any exceedances of identified trigger thresholds, the implementation of corrective actions, and the outcome of these;*

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP includes measures to report to the Department as per the above. Refer to **Appendix 1** HCMP Status.

2.15.14 Condition 15n.

the person responsible for the management actions; and

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP nominates the person responsible as per the above. Refer to **Appendix 1** HCMP Status.

2.15.15 Condition 15o.

a description of how the plan will apply to any conservation areas that may subsequently be transferred to a third party for protection and management for conservation.

Huntlee Conservation Management Plan (HCMP) final version submitted to the Department on 9-1-2014 and approved by the Minister's delegate, Shane Gaddes, via letter on 14-1-2014 (refer to **Appendix 8**).

The HCMP describes how the plan will apply to conservation areas transferred to a third party as per the above. Refer to **Appendix 1** HCMP Status.

2.16 Condition 16

The Huntlee Conservation Management Plan must be reviewed by an independent scientific expert approved by the Department prior to submission.

Independent scientific expert approved via letter from the Minister's delegate, Shane Gaddes, on 8-11-2013 (refer to **Appendix 9**).

Independent scientific expert reviewed and endorsed the HCMP on 9-1-2014.

No further actions in relation to the above have occurred to the present date.

2.17 Condition 17

The condition of approval dated 15-10-2013 is as follows:

*The person taking the action must arrange for and commit to the funding of a Huntlee Conservation Officer, to be employed for no less than 22.5 hours per week for a period of at least 10 years. The person to be employed in this position must possess relevant qualifications and expertise. A plan setting out contractual arrangements for the funding of the role, relevant employment arrangements (including start date) and a duty statement for the position must be provided to the **Minister** prior to the **commencement of the action**. This plan must be approved by the **Minister** prior to **commencement of the action**. The approved plan must be implemented.*

The Huntlee Conservation Officer Plan (HCOP) was submitted to the Department and approved by the Minister's delegate, Shane Gaddes, on 5-12-2013 (refer to **Appendix 11**).

A request for variation to Condition 17 and 18 of the EPBC Act approval was approved via letter from the Minister's delegate, Shane Gaddes, on 27-5-2015 (refer to **Appendix 12**).

The variation to Condition 17 has effect from 27-5-2015 to the present date, and reproduced below together with status of the condition:

*The person taking the action must arrange for and commit to the funding of the work described in condition 18, for a period of at least 10 years from the **commencement of the action**. The work must be undertaken and coordinated by personnel having the requisite ecological qualifications and expertise and may be provided by firms specialising in environmental consulting. A plan setting out*

*contractual arrangements for the work and a work plan of what will be undertaken must be provided to the **Minister for approval**. The approved plan must be implemented.*

The Huntlee Conservation Coordinator, Contractual Arrangements and Work Plan was submitted to the Department and approved by the Minister's delegate, Shane Gaddes, on 8-9-2015 (refer to **Appendix 13**).

The plan has remained in operation from the date of approval. (refer to **Appendix 1** and **Appendix 2**).

2.18 Condition 18

The condition of approval dated 15-10-2013 is as follows:

The roles of the position must include:

- a. *coordination and implementation of Condition 11c;*
- b. *coordination and implementation of actions to support the protection and conservation of *Persoonia pauciflora* consistent with the plans referred to in Conditions 11 and 15; and*
- c. *contribution to actions that are consistent with the National Recovery Plan North Rothbury *Persoonia* (*Persoonia pauciflora*).*

The Huntlee Conservation Officer Plan (HCOP) was submitted to the Department and approved by the Minister's delegate, Shane Gaddes, via letter on 5-12-2013 (refer to **Appendix 11**).

A request for variation to Condition 17 and 18 of the EPBC Act approval was approved via letter from the Minister's delegate, Shane Gaddes, via letter on 27-5-2015 (refer to **Appendix 12**).

The variation to Condition 18 has effect from 27-5-2015 to the present date, and is reproduced below together with status of the condition:

The work must include:

2.18.1 Condition 18a.

coordination and implementation of Condition 11c;

The coordination and implementation of measures to encourage community awareness and stewardship of *Persoonia pauciflora* (Condition 11c) form part of the Huntlee Conservation Coordinator, Contractual Arrangements and Work Plan. (refer to **Appendix 1** and **Appendix 2**).

2.18.2 Condition 18b.

*coordination and implementation of actions to support the protection and conservation of *Persoonia pauciflora* consistent with the plans referred to in Conditions 11 and 15;*

The coordination and implementation of the PPPMP and HCMP, referred to in Conditions 11 and 15, form part of the Huntlee Conservation Coordinator, Contractual Arrangements and Work Plan (refer to **Appendix 1** and **Appendix 2**).

2.18.3 Condition 18c.

*contribution to actions that are consistent with the National Recovery Plan North Rothbury *Persoonia* (*Persoonia pauciflora*); and*

Contribution to actions that are consistent with the *National Recovery Plan North Rothbury Persoonia* (*Persoonia pauciflora*) form part of the Huntlee Conservation Coordinator, Contractual Arrangements and Work Plan (refer to **Appendix 1** and **Appendix 2**).

2.18.4 Condition 18d.

reporting on the work and compliance with conditions of approval.

Reporting on the work and compliance with conditions of approval form part of the Huntlee Conservation Coordinator, Contractual Arrangements and Work Plan. This report provides the reporting requirements over the 2020/21 reporting period (this document).

2.19 Condition 19

The condition of approval dated 15-10-2013 is as follows:

*To compensate for the loss of habitat for the Persoonia pauciflora and the remaining residual impacts to the species as a result of the action, the person taking the action must provide \$341,700 directly to the NSW Office of Environment and Heritage (or appropriate agency or organisation responsible for implementation of the National Recovery Plan North Rothbury Persoonia (Persoonia pauciflora) and approved by the **Minister**) prior to **commencement of the action** to fund activities that are consistent with the recovery actions identified in the National Recovery Plan North Rothbury Persoonia (Persoonia pauciflora).*

A request for variation to Condition 19 of the EPBC Act approval was approved by the Minister's delegate, Shane Gaddes, via letter on 17-2-2014 (refer to **Appendix 14**).

The variation to Condition 19 has effect from 17-2-2014 to the present date, and is reproduced below together with status of the condition:

*To compensate for the loss of habitat for the Persoonia pauciflora and the remaining residual impacts to the species as a result of the action, the person taking the action must provide \$341,700 directly to the NSW Office of Environment and Heritage (or appropriate agency or organisation responsible for implementation of the National Recovery Plan North Rothbury Persoonia (Persoonia pauciflora) and approved by the **Minister**) to fund activities consistent with the recovery actions identified in the National Recovery Plan North Rothbury Persoonia (Persoonia pauciflora).*

*The \$341,700 is to be provided to the NSW Office of Environment and Heritage (or an appropriate agency or organisation, as approved by the **Minister**) in the following instalments:*

- \$100,000 by 14 July 2014;
- \$141,700 by 14 July 2015; and
- \$100,000 by 14 July 2016.

The person taking the action must provide written evidence to the Department within 1 week of each instalment being paid.

First payment of \$100,000 made 14-7-2014 (refer to **Appendix 15**).

Second payment of \$141,700 made 14-7-2015 (refer to **Appendix 15**).

Third payment of \$100,000 made 14-7-2016 (refer to **Appendix 15**).

No further action in relation to Condition 19 is required to the present date.

2.20 Condition 20

*The person taking the action must dedicate or ensure the transfer of, for the purposes of dedication, the 5791 hectares of conservation offset lands described in the preliminary documentation to National Park (or arrange for and demonstrably commit to an equivalent other arrangement of in-perpetuity protection and management of these offset lands that is consistent with the Department's EPBC Act offsets policy). The area of land contained within this 5791 hectares must include appropriate areas of offset lands for each of the following matters of national environmental significance: Swift Parrot (*Lathamus discolor*) and Regent Honeyeater (*Anthochaera phrygia*), the vulnerable Grey-headed Flying-fox (*Pteropus poliocephalus*) and Slaty Red Gum (*Eucalyptus glaucina*).*

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014. Additionally land titles and receipt from NSW Government provided for Department (refer to **Appendix 5**).

Conservation offset lands described in the preliminary documentation to the New South Wales Government. These lands are now being managed by NSW National Parks and Wildlife Service.

The legal instruments in relation to the above remain in place as of the present date.

2.21 Condition 21

Any land referred to at Condition 20 that is not dedicated to National Park or with an alternative level of protection in perpetuity agreed to by the Department must be protected by a legal instrument under relevant nature conservation legislation on the title of the land. Arrangements to implement this instrument must be approved by the Department, in writing, prior to commencement of the action. The instrument must:

2.21.1 Condition 21a.

provide for the protection of the land in perpetuity;

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments provide for protection of the land in perpetuity.

2.21.2 Condition 21b.

prevent any future development activities, including mining and mineral extraction; and

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments prevent any future development activities.

2.21.3 Condition 21c.

ensure the active management of the land.

Legal instruments in relation to the above approved by the Department via letter from the Minister's delegate, Shane Gaddes, on 14-1-2014 (refer to **Appendix 5**).

The legal instruments ensure active management of the land.

2.22 Condition 22

All survey data collected for the project must be collected and recorded so as to conform to a reasonable standard such that it can be readily used by a third party or to data standards notified from time to time by the **Department**. When requested by the **Department**, the proponent must provide to the **Department** all species and ecological survey data and related survey information from ecological surveys undertaken for matters of national environmental significance. This survey data must be provided within 30 business days of request, or in a timeframe agreed to by the **Department** in writing. The **Department** may use the survey data for other purposes.

Compliance monitoring inspection of Condition 11 completed by DoE Officers on 10-9-2015. DoE officers issued advice on 12-10-2015 stating, the Department is satisfied that the action is being undertaken in accordance with the conditions of approval.

Compliance monitoring inspection of completed by DoE Officers on 4-11-2016. DoE officers issued advice on 17-3-2017 discussing the provision of additional documentation relating to Condition 20 and secondly a recommendation to revise management plans required under Conditions 11 and 15 to reflect current project status including dedication of conservation lands to the NSW Government. The revision is to be achieved via a variation to the EPBC approval conditions relating to conditions 11 and 15. These items are currently being actioned by Huntlee.

2.23 Condition 23

Within 14 days after the commencement of construction, the person taking the action must advise the **Department** in writing of the actual date of **commencement of the action**.

Commencement of the action occurred on 24-2-2014.

The Department was advised via email on 26-2-2014 that commencement of the action occurred.

2.24 Condition 24

Within three months of every 12 month anniversary of the **commencement of the action**, the person taking the action must publish a report on their website addressing compliance with each of the conditions of this approval, including implementation of any plans as specified in the conditions. Documentary evidence providing proof of the date of publication and non-compliance with any of the conditions of this approval must be provided to the **Department** at the same time as the compliance report is published. The person taking the action must also notify any non-compliance with this approval to the **Department** in writing within two business days of becoming aware of the non-compliance.

Previous Annual reports available online - <https://huntlee.com.au/caring-for-the-environment/>

The report (this document) is to be published online following DoE approval (<https://huntlee.com.au/caring-for-the-environment/>).

2.25 Condition 25

Upon the direction of the **Minister**, the person taking the action must ensure that an independent audit of compliance with the conditions of approval is conducted and a report submitted to the **Minister**. The independent auditor must be approved by the **Minister** prior to the commencement of the audit. Audit criteria must be agreed to by the **Minister** and the audit report must address the criteria to the satisfaction of the **Minister**.

The Minister has issued no directions in relation to the above in the 2020/21 reporting period.

No action is required to the present date.

2.26 Condition 26

*If the person taking the action wishes to carry out any activity otherwise than in accordance with the plans, as specified in the conditions, the person taking the action must submit to the **Department** for the **Minister's** written approval a revised version of that plan. The varied activity shall not commence until the **Minister** has approved the revised plan in writing. The **Minister** will not approve a revised plan, unless the revised plan would result in an equivalent or improved environmental outcome. If the **Minister** approves the revised plan that plan must be implemented in place of the plan originally approved.*

No varied activities or revised plans have been implemented or prepared in the 2020/21 reporting period.

No action is required to the present date.

2.27 Condition 27

*If the **Minister** believes that it is necessary or convenient for the better protection of listed threatened species and communities or listed migratory species to do so, the **Minister** may request that the person taking the action make specified revisions to the relevant management plan specified in the conditions and submit the revised plan for the **Minister's** written approval. The person taking the action must comply with any such request. The revised approved plan must be implemented. Unless the **Minister** has approved the revised plan then the person taking the action must continue to implement the originally approved plan, as specified in the conditions.*

The Minister has not requested revisions to any management plans in the 2020/21 reporting period.

No action is required to the present date.

2.28 Condition 28

*If, at any time after 5 years from the date of this approval, the person taking the action has not substantially commenced the action, then the person taking the action must not substantially commence the action without the written agreement of the **Minister**.*

Commencement of the action occurred on 24-2-2014.

The Department was advised via email on 26-2-2014 that commencement of the action occurred.

2.29 Condition 29

*The person taking the action must maintain accurate records substantiating all activities and outcomes associated with or relevant to the above conditions of approval, including measures taken to implement the management plans required by this approval, and make them available upon request to the **Department**. Such records may be subject to audit by the **Department** or an independent auditor in accordance with section 458 of the EPBC Act, or used to verify compliance with the conditions of approval. Summaries of audits will be posted on the **Department's** website. The results of audits may also be publicised through the general media.*

The Department has not requested records substantiating activities associated with or relevant to the conditions of approval in the 2020/21 reporting period.

No action is required to the present date.

2.30 Condition 30

*Unless otherwise agreed to in writing by the **Minister**, the person taking the action must publish all management plans referred to in these conditions of approval on their website. Each management plan must be published on the website within 1 month of being approved.*

Management plans referred to in these conditions of approval, being the *Persoonia pauciflora* Population Management Plan and Huntlee Conservation Management Plan, have been published and made available on the Huntlee website (<https://huntlee.com.au/caring-for-the-environment>).

The management plans remain available on the Huntlee website as of the present date.

3 Management Plans

The EPBC approval requires the preparation, approval and implementation of two management plans as follows:

1. Condition 11 – *Persoonia pauciflora* Population Management Plan (PPPMP)
2. Condition 15 – Huntlee Conservation Management Plan (HCMP)

The current status of required actions as listed within the PPPMP and HCMP is provided in **Appendix 1** and **Appendix 2** respectively. DoE officers issued advice on 17-3-2017 discussing a recommendation to revise management plans required under Conditions 11 and 15 to reflect current project status including dedication of conservation lands to the NSW Government. The revision is to be achieved via a variation to the EPBC approval conditions relating to conditions 11 and 15. These items are currently under review by Huntlee.

4 Conclusion

MJD Environmental has been commissioned by Huntlee Pty Ltd to prepare an annual compliance report for the 2020/21 period detailing the measures undertaken to address approval conditions granted under the EPBC Act for the Huntlee New Town at Branxton (EPBC No. 2011/5898).

This report includes an overview of all works undertaken to comply with conditions to date. This report and its appendices (**Appendix 1 – 15**) provide verification of compliance with each of the conditions of approval over the 2020/21 period.

The Huntlee New Town Development, the action referred to in the approval, is in compliance with the conditions attached to the EPBC Act approval to the present date. A report verifying ongoing compliance with conditions of the approval over the reporting period 2021/22 will be submitted to the Department no later than 24 May 2022.

Dear Mr Wilkes

**Huntlee New Town Residential Development, Hunter Valley NSW (EPBC 2011/5898)
Ministerial approval of Independent Scientific Expert – Condition 3**

I write in relation to an email from Mr Matt Doherty dated 10 December 2013 in which Ministerial approval of Mr Craig Anderson as an Independent Scientific Expert, in relation to condition 3 of *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) approval 2011/5898, was requested.

The department has assessed the information provided in support of Mr Anderson and has determined that he possesses the requisite qualifications, experience and independence, in accordance with the requirements of condition 3 of the EPBC approval. Based on this assessment, and as delegate of the Minister for the Environment, I have decided to approve Mr Anderson as the Independent Scientific Expert in relation to condition 3 of the approval.

Under condition 3 of the approval, Mr Anderson must, in providing scientific verification of the successful propagation and survival of *Persoonia Pauciflora*, do so consistent with the conditions of the EPBC approval and the EPBC Act Policy Statement entitled *Translocation of Listed Threatened Species – Assessment under Chapter 4 of the EPBC Act*.

I would appreciate Mr Anderson providing details of his assessment and verification of the success, or otherwise, of the propagation and survival of the *Persoonia Pauciflora*; at an appropriate time. Moreover, I draw to your attention that details of activities conducted under the conditions of approval and in relation to management plans must be reported to the Department on an annual basis; in accordance with condition 24 of the approval.

If you have any enquiries please contact [REDACTED] on 02 6274 2209.

Yours sincerely

Dear Mr Wilkes

**Huntlee New Town Residential Development, Hunter Valley NSW
(EPBC 2011/5898)
Arrangements to implement the instruments – Conditions 5, 9, 10 and 20/21**

I write in relation to your request for departmental approval of arrangements to implement instruments under conditions 5, 9, 10 and 20/21 of *Environment Protection and Biodiversity Conservation Act 1999* (the Act) approval 2011/5898.

The department has reviewed the proposed arrangements to implement the conservation instruments and consider that they are appropriate to ensure the protection and ongoing management of conservation lands and offsets, as specified in the approval. On this basis, I have decided to approve the arrangements to implement the instruments in relation to conditions 5, 9, 10 and 20/21 of the approval.

I would encourage you to notify the department of the transfer of the lands under the Voluntary Planning Agreement (VPA) and on the registration of the restrictive covenants under section 88E of the *Conveyancing Act 1919 NSW*. Details of the management of these lands must be included in the annual report, to be provided under condition 24 of the approval.

Please ensure that you maintain accurate records of all activities associated with, or relevant to the conditions of approval, so that they can be made available to the department on request. Such documents may be subject to audit and used to verify compliance. Summaries of results of audits may be published by the department. Information about the monitoring and audit program can be found on the department's website at www.environment.gov.au/epbc/compliance/auditing.html.

If you would like to discuss this matter further please contact [REDACTED] on

Dear Minister

**Huntlee New Town Development
Transfer of Conservation Offset Lands**

We confirm that we act for Huntlee Pty Limited (**Huntlee**) and refer to our previous letters dated 24 November 2014 and 13 January 2015, copies of which are included at **Tab I** of the **attached** folder.

1 Release and discharge of VPAs from Stage 1 Subdivision Lots

We are instructed that our client has lodged a Subdivision Plan for pre-examination at NSW Land and Property Information (**LPI**) for the subdivision of Lot 211 in DP828787 and Lot 8 in DP729973 (**Stage 1 Subdivision Lots**) into Residential Lots, in accordance with the Stage 1 Project Approval for the Development. A copy of the Subdivision Plan is included at **Tab A** of the **attached** folder.

As per our previous correspondence, on behalf of our client, we formally request the release and removal of the following 2 voluntary planning agreements (**VPAs**) from the title of the Stage 1 Subdivision Lots:

- (a) the planning agreement between the Minister for Planning, the Minister for the Environment, Misthold Pty Limited (**Misthold**) and Huntlee Pty Ltd (**Huntlee**) dated 3 December 2010 (**SEPP VPA**); and
- (b) the planning agreement between Huntlee Pty Limited and the Minister for Planning relating to the Stage 1 Project Approval (**Stage 1 VPA**).

We **attach** a copy of the Request Form included with our previous letter dated 13 January 2015, which is intended to effect the release and discharge of the SEPP VPA from the title of the Stage 1 Subdivision Lots.

We would be grateful if the Request Form could be executed by the appropriate delegate (in the locations indicated and witnessed) on an **urgent basis**.

2 Requirement to transfer Conservation Offset Lands

Clause 2 of Schedule 4 to the SEPP VPA requires Huntlee and Misthold to transfer the Conservation Offset Lands set out in Table 2 of Schedule 2 to the SEPP VPA to the Minister for Planning.

The Department of Planning and Environment (**DPE**) has advised that these lots are to be transferred directly to the Minister for the Environment and that the Minister for Planning will waive his rights in this regard.

Both the Office of Environment and Heritage (**OEH**), on behalf of the Minister for the Environment, and DPE, on behalf of the Minister for Planning, have confirmed that the SEPP and Stage 1 VPAs may be released from the title of the Stage 1 Subdivision Lots prior to the transfer of the Conservation Offset Lands, but only upon provision of the following documents to the Minister for the Environment:

- (a) the original Certificates of Title for the Conservation Offset Land lots (**Certificates of Title**); and
- (b) all other documents required to effect the transfer of the Conservation Offset Lands to the Minister for the Environment (**Transaction Documents**), including LPI transfer forms, discharge of mortgage forms etc.

All of the required documentation and Certificates of Title are included in the **attached** folder.

3 Provision of Certificates of Title

(a) Lots to be transferred (Table 1)

The Conservation Offset Land lots to be transferred to the Minister for the Environment are set out in Table 1 below.

The original Certificates of Title for each of the lots shown in Table 1 are included at **Tab B** of the **attached** folder. We ask that you please sign the **attached** copy of this letter as acknowledgement of receipt of the original Certificates of Title.

For your additional information, we have also included the following documents at **Tabs C** and **D** of the **attached** folder:

- (a) title searches for each of the lots being transferred to the Minister for the Environment;
- (b) deposited plans or cadastral maps showing the location of each lot; and
- (c) a copy of the set of drawings produced by Monteath and Powys dated 17 November 2010, showing the approximate location of the Conservation Offset Lands in yellow.

We note that the lots listed in Table 1 of this letter differ from those shown in Table 2 of Schedule 2 to the SEPP VPA in the following respects:

- (a) Part Lot 5 in DP 11081112 **is not** included in Table 1 as this lot has been cancelled. Lot 5 was subdivided into Lots 553 and 557 in DP1162248. Lot 557

was then consolidated with adjoining lots and further subdivided into Lots 10 to 14 in DP 1137569.

- (b) Lot 300 in DP1029733 **is not** included in Table 1 as this lot has been cancelled. It was consolidated with adjoining lots to form Lot 10 in DP1137569.
- (c) Lot 32 in DP1003656 **is not** included in Table 1 as this lot has been cancelled. It was consolidated with adjoining lots to form Lot 10 in DP1137569.
- (d) Lot 10 in DP1137569 **is** included in Table 1. This lot represents the area previously covered by part Lot 5 in DP 11081112, Lot 300 in DP1029733 and Lot 32 in DP1003656.
- (e) Lot 179 in DP755241 is not being transferred as part of the Conservation Offset Lands (see Table 2). This lot comprises part of the Pokolbin State Forest, referred to as "State Forest Land" in the SEPP VPA. The NSW Forestry Corporation provided its written objection to the transfer of this lot to the OEH on 5 November 2011 (a copy of this letter is included at **Tab J** of the **attached** folder). The OEH has previously acknowledged that this lot will not be transferred as part of the Conservation Offset Lands.

4 Transaction Documents for transfer of Conservation Offset Lands to the Minister for the Environment

The following Transaction Documents are included at **Tabs E to H** of the **attached** folder:

- 1 Transfer Forms (x 2) (**Tab E**);
- 2 Transfer of Lease Forms (x 2) (**Tab F**);
- 3 Transfer: Consent to Transfer a Crown Holding Application Form (x 2) and Form 'U' Declaration (x 1) (**Tab F**);
- 4 Discharge of Mortgage Forms (x 7) (**Tab G**); and
- 5 Request Forms for removal of SEPP VPA from title to the Conservation Offset Land lots (x 2) (**Tab H**).

The purpose of each of the Transaction Documents is outlined below.

4.1 Transfer Forms

To transfer the Conservation Offset Lands, a Transfer Form is required to be lodged at the LPI. We **attach** 2 Transfer Forms, being:

- (a) a Transfer Form for the transfer of the Misthold land (being the part of Lot 10 in DP1137569 formerly comprised in Lot 557 in DP1162248), executed by Misthold; and
- (b) a Transfer Form for the transfer of the Huntlee land, being the balance of the Conservation Offset Lands, executed by Huntlee.

Huntlee and Misthold will each provide to the Minister for the Environment a cheque, payable to the LPI, for the lodgement fees for the Transfers.

4.2 Transfer of Lease Forms

(a) Transfer of Crown Lease 1937/1 – Lot 165 in DP755219

Lot 165 in DP755219 is dedicated as part of the Corrabare State Forest and is subject to Crown lease No. 1937/1.

A Transfer of Lease Form will be required to be lodged at the LPI in order to effect the transfer of this lease to the Minister for the Environment. We **attach** the Transfer of Lease Form, as executed by Huntlee.

Huntlee will provide to the Minister for the Environment a cheque for \$107 payable to the LPI, being the lodgement fees for the Transfer of Lease.

(b) Transfer of Crown Lease 1920/4 – Lot 139 in DP

Lot 139 in DP753770 is subject to Crown lease No. 1920/4.

A Transfer of Lease Form will be required to be lodged at the LPI in order to effect the transfer of this lease to the Minister for the Environment. We **attach** the Transfer of Lease Form, as executed by Huntlee.

Huntlee will provide to the Minister for the Environment a cheque for \$107 payable to the LPI, being the lodgement fees for the Transfer of Lease.

4.3 Transfer: Consent to transfer a Crown holding application form

(a) Transfer of Crown Lease 1937/1 – Lot 165 in DP755219

As the Forestry Corporation of NSW (**Forestry Corporation**) is the entity responsible for management of Lot 165 in DP755219 under Crown Lease 1937/1, the consent of the Forestry Corporation is required for the transfer.

Before providing its consent, the Forestry Corporation requires the following:

- (a) an Application for Consent to Transfer Land Comprised in a Crown Holding (**Application Form**), completed by the Minister for the Environment as transferee and signed by Huntlee as transferor; and
- (b) a "Form U" Declaration (**Form U**), to be completed by Huntlee, attesting to the fact that no contract for sale has been prepared for the transfer.

We have **attached** both the Application Form and Form U, as executed by Huntlee.

Please complete the Application Form by having it signed by the Minister's authorised delegate and witnessed in the location indicated. Please then return the Application Form to our office, as we will attend to lodgement of the Application Form with the Forestry Corporation.

(b) Transfer of Crown Lease 1920/4 – Lot 139 in DP753770

As NSW Crown Lands is the entity responsible for management of Lot 139 in DP753770 under Crown Lease 1920/4, the consent of Crown Lands is required for the transfer.

Before providing its consent, Crown Lands requires the following:

- (a) an Application Form, completed by the Minister for the Environment as transferee and signed by Huntlee as transferor; and
- (b) a copy of the fully executed Transfer of Lease Form.

We have **attached** both the Application Form and the Transfer of Lease Form, as executed by Huntlee.

We would be grateful if the Department could now:

- (a) **complete** the Application Form by having it signed by the Minister's authorised delegate and witnessed in the location indicated. Please then return the Application Form to our office, as we will attend to lodgement of the Application Form with Crown Lands; and
- (b) **attend to execution** of the Transfer of Lease form by having it signed by the Minister's authorised delegate and witnessed in the location indicated. Please return a **copy** of the Transfer of Lease Form to our office, as we will provide this to Crown Lands as part of the application for consent to transfer.

4.4 Discharge of Mortgage Forms

The Conservation Offset Lands are currently subject to:

- (a) 3 mortgages (dealing numbers AF808707, AF729899 and AD205599 as varied by AF745696) in favour of Lehman Brothers Real Estate Australia Commercial Pty Limited (**Lehman Brothers**); and
- (b) 2 mortgages (dealing numbers AJ285218 and AJ295002) in favour of Milton Corporation Ltd (**Milton Corporation**).

Insofar as they affect the Conservation Offset Lands, these mortgages will be discharged prior to transfer.

We have **attached** 7 Discharge of Mortgage forms as executed by Lehman Brothers and Milton Corporation.

Huntlee will provide cheques to the Minister for the Environment, payable to the LPI, for the lodgement fees for the 7 Discharges of Mortgage Forms.

4.5 Request Forms for removal of SEPP VPA from title to the Conservation Offset Land lots

The SEPP VPA is currently registered on the title of all of the lots comprising the Conservation Offset Lands. The SEPP VPA is to be released and discharged from these titles upon transfer of the Conservation Offset Lands.

We **attach** 2 Request Forms for removal of the SEPP VPA from the titles of the Conservation Offset Lands.

Huntlee will provide 2 cheques to the Minister for the Environment, payable to the LPI, for the lodgement fees for the Request Forms.

5 Letter from National Native Title Tribunal to Huntlee Pty Ltd

On 4 March 2015, Huntlee received a letter from the National Native Title Tribunal. A copy of this letter is included at **Tab K** of the **attached** folder.

We note that this letter refers to claimant application NC2013/006 in the Federal Court and that the notification period for the application is 25 March to 24 June 2015.

Table 2: Lots not being transferred

We understand that the following lots are not being transferred in the current tranche, for the reasons explained in Table 2 below.

Lot	Land Owner	Reason for not being transferred
1. Lot 179 DP 755241	Estate: Perpetual Lease Huntlee Pty Limited	This lot comprises part of the Pokolbin State Forest, referred to as "State Forest Land" in the VPA. The NSW Forestry Corporation has objected to the transfer of this lot and the Office of Environment and Heritage has acknowledged that this lot will not be transferred as part of the Conservation Offset Lands.

If you have any queries, please contact Julia Bridge on (02) 9210 6157.

Yours sincerely

Dear Mr Wilkes

**Huntlee New Town Residential Development, Hunter Valley NSW (EPBC
2011/5898) Approval of PPPMP and HCMP – conditions 11 and 15**

I write in relation to your request for ministerial approval of the *Personia Pauciflora* Population Management Plan (PPPMP) and the *Huntlee Conservation Management Plan* (HCMP), required under conditions 11 and 15, respectively, of *Environment Protection and Biodiversity Conservation Act 1999* (the Act) approval 2011/5898.

The department has reviewed the final submitted versions of the PPPMP (10 January 2014) and the HCMP (9 January 2014) and has found that these documents meet the requirements of conditions 11 and 15, respectively, of EPBC approval 2011/5898. On this basis, and as delegate of the Minister for the Environment, I have decided to approve the PPPMP (10 January 2014) and the HCMP (9 January 2014).

In accordance with conditions 11 and 15 of the approval, the approved plans must be implemented. Under condition 26 of the approval, should you wish to carry out an activity otherwise than in accordance with an approved plan you must submit a revised plan for approval by the Minister. Until the Minister has approved the revised plan, you must continue to implement the originally approved plan. Please ensure that, in accordance with condition 30, you publish all approved plans on your website.

Please ensure that you maintain accurate records of all activities associated with, or relevant to the conditions of approval, so that they can be made available to the department on request. Such documents may be subject to audit and used to verify compliance. Summaries of results of audits may be published by the department. Information about the monitoring and audit program can be found on the department's website at www.environment.gov.au/epbc/compliance/auditing.html.

If you would like to discuss this matter further please contact [REDACTED] on

Dear Mr Wilkes

**Huntlee New Town Residential Development, Hunter Valley NSW (EPBC 2011/5898)
Approval of Independent Scientific Expert – Condition 12 and 16**

I write in relation to your email of 27 October 2013 in which you sought departmental approval of Mr Anderson as an Independent Scientific Expert to review the *Persoonia pauciflora* Population Management Plan and the *Huntlee Conservation Management Plan*, as required under conditions 12 and 16 respectively of *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) approval 2011/5898.

On 1 November 2013, the department requested further information in relation to the qualifications, experience and independence of Mr Anderson. This information was provided to the department on 5 November 2013 by Mr Doherty, acting as a representative of Huntlee Pty Limited.

The department has assessed the information provided by yourself and Mr Doherty and has determined that Mr Anderson has the requisite qualifications, experience and independence in accordance with the requirements of the EPBC approval.

Based on the assessment, I have decided to give departmental approval of Mr Anderson as an Independent Scientific Advisor under conditions 12 and 16 of the EPBC approval to review the *Persoonia pauciflora* Population Management Plan and the *Huntlee Conservation Management Plan*.

I draw to your attention that both of these reports must be provided to, and be approved by, the Minister prior to the commencement of the action.

If you have any enquiries please contact [REDACTED] on 02 6274 2209.

Yours sincerely

Dear [REDACTED]

RE: HUNTLEE PERSOONIA PAUCIFLORA PRE-CLEARANCE SURVEYS – COMPLETION OF STAGE 1 & ADJACENT LANDS

RPS was commissioned by Huntlee Pty Ltd to conduct pre-clearance surveys for *Persoonia pauciflora* within Huntlee at North Rothbury. This survey has been undertaken in accordance with Condition 13 of the Huntlee EPBC Approval (2011/5898). The pre-clearance survey areas for the most recent survey encompassed the remaining Stage 1 lands and an adjacent area to Stage 1 north of Precinct 1,2 & 4.

The surveys were conducted by an ecologist familiar with identification of *Persoonia pauciflora* on the 29th April and 14th May 2015. A comprehensive search of the realignment area using a D-GPS unit (refer to Attachment 1) failed to identify any *Persoonia pauciflora* individuals.

For the departments benefit and to ensure transparency, a composite plan of areas where *Persoonia pauciflora* pre-clearance surveys have been carried out and approved by the Department has been attached. Note the most recent above-mentioned surveys have also been shown on the plan.

We trust this information is sufficient for your purposes, however should you require any further details or clarification, please do not hesitate to contact the writer.

Yours sincerely
RPS

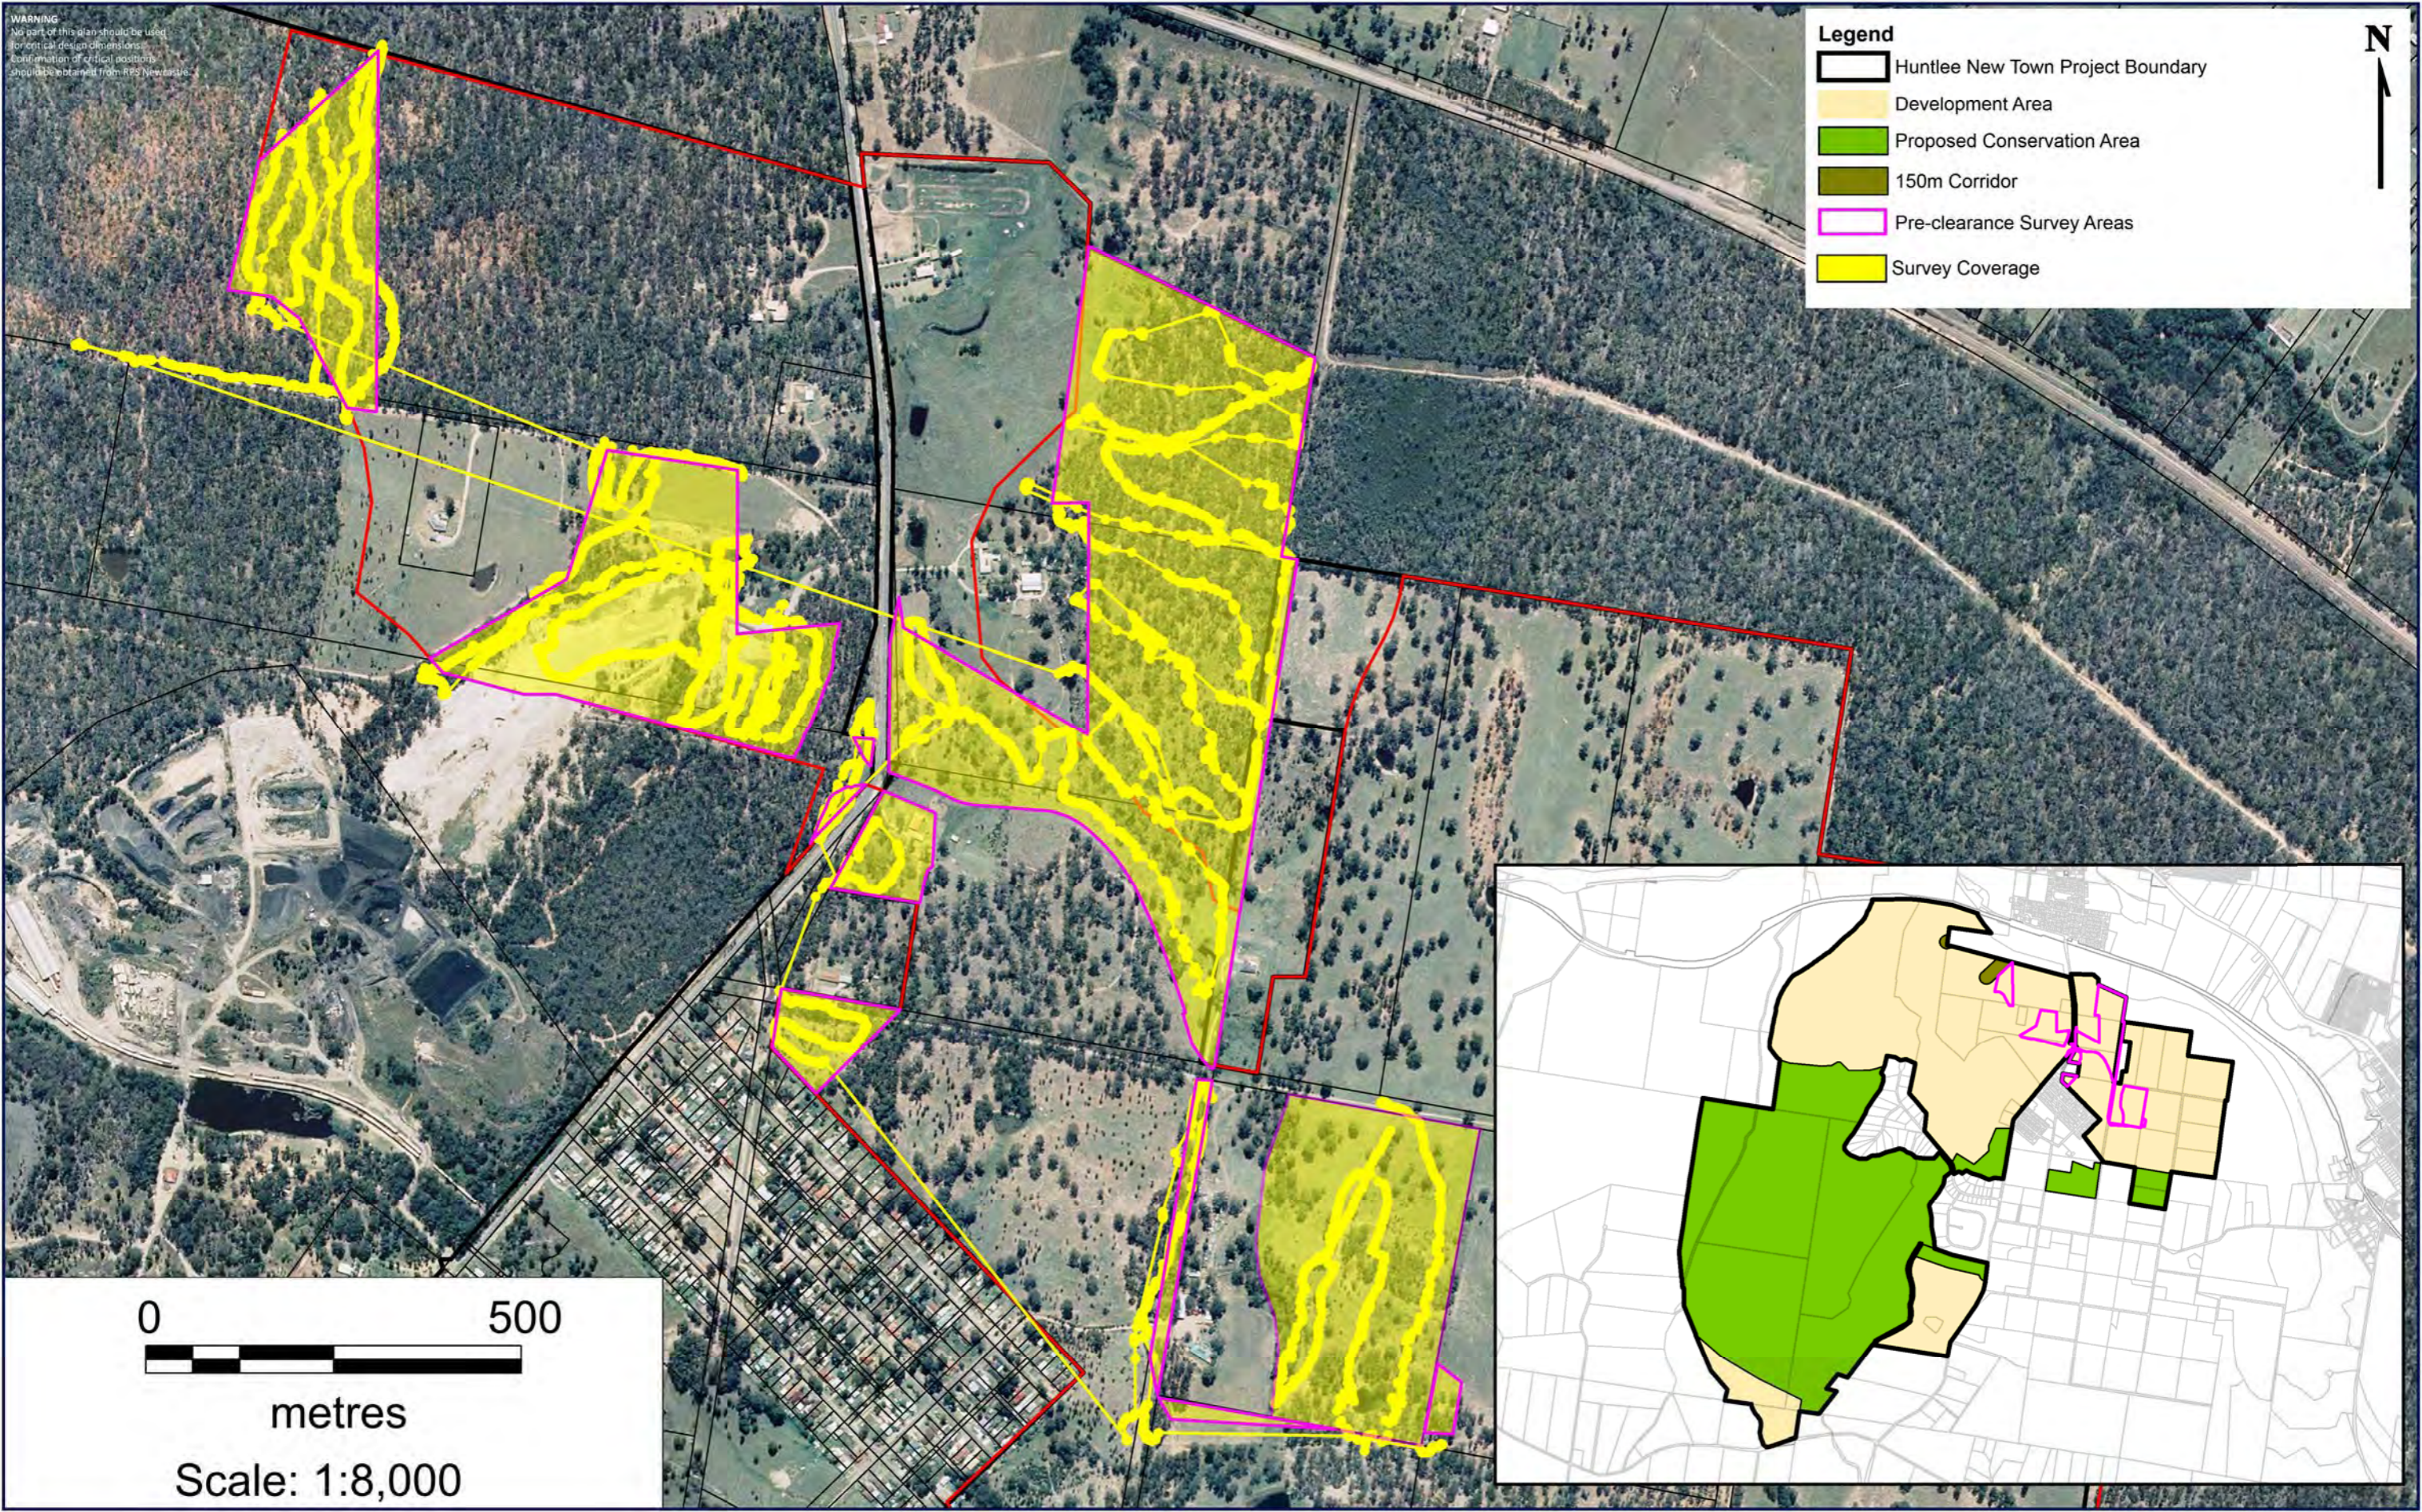

Matt Doherty
Technical Director (Ecology)

Dear Mr Wilkes

**Huntlee New Town Residential Development, Hunter Valley NSW (EPBC 2011/5898)
Approval of Huntlee Conservation Officer Plan – Condition 17**

I write in relation to email correspondence from Mr Matt Doherty received on 27th and 29th November 2013 in relation to the Huntlee Conservation Officer Plan (the plan), as per condition 17 of *Environment Protection and Biodiversity Conservation Act 1999* (EPBC Act) approval 2011/5898.

The department has assessed the plan and has determined that it meets the requirements of the approval. On this basis, and as delegate of the Minister for the Environment, I have decided to approve the plan.

In accordance with condition 17 of the approval, the approved plan must be implemented. Under condition 26 of the approval, should you wish to act other than in accordance with the approved plan, you must submit a revised plan for approval. Until a revised plan has been approved by the Minister, the original approved plan must be implemented.

Please ensure that you maintain accurate records of all activities associated with, or relevant to the conditions of approval, so that they can be made available to the Department on request. Dear Mr Thompson

Variation to conditions 17 and 18 (EPBC 2011/5898)

Thank you for your letter dated 20 November 2014 from your lawyer Corrs, Chambers Westgarth, to the Department, requesting a variation to conditions 17 and 20 of the approval dated 15 October 2013.

Officers of this Department have reviewed the variation request and subsequent email correspondence. I understand that you have subsequently agreed to proposed amendment of condition 18 in conjunction with your proposal for condition 17.

As delegate of the Minister, I have varied conditions 17 and 18 of EPBC Approval 2011/5898 under section 143(1)(c) of the *Environment Protection and Biodiversity Conservation Act 1999* to enable the role of the Huntlee Conservation Officer to be undertaken as you propose. Conditions 17 and 18 must now be undertaken in accordance with the varied condition specified in the variation notification, which has been attached for your information.

I acknowledge your request to vary condition 20 of the approval. The Department is currently considering this request and has sought further information from the NSW Government. The Department and will advise in due course regarding this.

As you are aware, the Department has an active monitoring program which includes monitoring inspections, desk top document reviews and audits. Please ensure that you maintain accurate records of all activities associated with, or relevant to, the conditions of approval so that they can be made available to the Department on request.

Should you require any further information please contact [REDACTED] Assistant Director, Post Approvals Section, on 02 6274 1470 or by email: post.approvals@environment.gov.au.

Conservation coordinator Work Plan and Contractual Agreement**

Thank you for your email dated 11 August 2015 submitting the *Huntlee Conservation Coordinator, Contractual Arrangements and Work Plan*, in accordance with condition 17 of EPBC Approval 2011/5898.

Officers of this Department have considered the *Huntlee Conservation Coordinator Contractual Arrangements and Work Plan* and are satisfied that it meets the requirements of condition 17 of the approval for this project. On this basis, and as a delegate of the Minister for the Environment, I have decided to approve the plan. This plan must now be implemented.

In accordance with EPBC Approval 2011/5898 condition 26, if the approval holder wants to act other than in accordance with this approved plan, the approval holder must submit a revised plan for approval. Until the Minister (or his delegate) has approved the revised plan, the approved version of the plan must continue to be implemented.

Dear Mr Wilkes

**Huntlee New Town Residential Development, Hunter Valley NSW
(EPBC 2011/5898) – Variation to Approval Condition 19**

I write in relation to the proposed variation to condition 19 of *Environment Protection and Biodiversity Conservation Act 1999* (the Act) approval 2011/5898.

Officers of the department, in collaboration with the NSW Department of Environment and Heritage, have reviewed the proposed variation and have determined that it is necessary and convenient for the implementation of activities under the *National Recovery Plan North Rothbury Persoonia (Persoonia pauciflora)*.

As delegate of the Minister for the Environment, I have decided to approve the variation to condition 19 of the approval in accordance with the provisions of the national environmental law, the EPBC Act. Condition 19 must now be undertaken in accordance with the varied condition specified in the enclosed variation notification.

The variation of conditions of approval does not relieve the person to whom it has been granted from an obligation to comply with any other law of the Commonwealth, State or Territory that is applicable to do the action and to have any right, title or interest that is required to access land or waters and to do the action.
